**CENTRAL WASHINGTON RESOURCE ENERGY COLLABORATIVE ANNOUNCES
NORTHWEST WIND OPERATORS' CONFERENCE & EXHIBITION**

-September 26-28, 2011, Cle Elum, Washington-

Ellensburg, WA-The Central Washington Resource Energy Collaborative, whose focus is on shared innovative renewable energy technology with direct commercial application, will hold the first Northwest Wind Operators' Conference & Exhibition from September 26-28 at the Suncadia resort in Cle Elum, Washington.

The Northwest Wind Operators' Conference and Exhibition allows operation and maintenance professionals an opportunity to focus on emerging product technology, new safety and environment regulations, and field-tested best practices. Facility managers and support businesses from Washington, Oregon, Idaho and Montana are invited to the conference.

When: Monday, September 26 - Wednesday, September 28, 2011

Where: Suncadia Resort, Cle Elum, Washington

Information: www.nwwindconference.com; early bird registration until June 30

For more information, contact Tony Aronica, Grant Coordinator, CWREC tony@cwrec.org or Jennifer Bushong, JB Marketing, info@nwwindconference.com
